Loan Eligibility Criteria – Sample

FICTIONAL SAMPLE DOCUMENT — created for RAG chatbot testing. These terms are illustrative and are not real lender terms, legal advice, or a credit offer.

Basic Criteria

Applicant must be at least 21 years old and not older than 60 years at the end of the proposed personal-loan tenure.

Income

For this sample policy, salaried applicants should have a minimum monthly net income of ■25,000. Self-employed applicants should demonstrate stable business income and acceptable banking history.

Employment

Salaried applicants should normally have at least 12 months of total work experience and at least 6 months with the current employer.

Existing Obligations

Existing EMIs, credit-card obligations, and other recurring commitments are considered when assessing repayment capacity.

Credit History

Credit history is one of the factors considered during assessment. A strong credit history may support eligibility, but the sample policy does not guarantee approval based on a particular score alone.

Important

All criteria are illustrative. Final eligibility is subject to verification and the applicable product policy.
