Loan Policy – Sample

FICTIONAL SAMPLE DOCUMENT — created for RAG chatbot testing. These terms are illustrative and are not real lender terms, legal advice, or a credit offer.

Purpose

This document is a fictional sample policy created for testing a loan-policy RAG chatbot. It is not an offer of credit and does not represent the terms of any real lender.

Loan Products

The sample lender offers Personal Loans, Education Loans, and Home Improvement Loans. Product availability is subject to the applicable product rules and applicant eligibility.

General Loan Amount

Sample loan amounts range from ■50,000 to ■20,00,000. The approved amount depends on income, repayment capacity, credit history, existing obligations, and internal policy.

Tenure

Sample repayment tenures range from 12 to 60 months for personal loans. Other products may have different tenures.

Application Process

1. Submit an application. 2. Provide required documents and KYC information. 3. Complete verification. 4. The lender evaluates eligibility and credit information. 5. If approved, the applicant receives the applicable loan terms. 6. Disbursement occurs after required acceptance and documentation.

Approval Factors

Sample factors include age, income, employment or business stability, existing obligations, credit history, requested amount, and repayment capacity. Meeting minimum criteria does not guarantee approval.

End of sample document.
